---

## Professional Summary

Passionate Front-End Developer with over 2 years of experience in building responsive and user-centric web applications. Proficient in ReactJS, JavaScript (ES6+), HTML5, and CSS3, with a strong emphasis on performance optimization and cross-browser compatibility. Adept at working in Agile environments, collaborating with cross-functional teams, and implementing best practices in code quality and version control.

---

## Technical Skills

- **Languages & Frameworks:** HTML5, CSS3, JavaScript (ES6+), ReactJS, Redux, Bootstrap 5, Tailwind CSS, Sass
  - **Tools & Platforms:** Git, GitHub, Figma, Netlify, Vercel
  - **Testing:** Jest
  - **Other:** Responsive Design, RESTful APIs, Asynchronous Programming (Promises, async/await), Agile Methodologies
- 

## Professional Experience

### Front-End Developer (Intern)

*Anixi Health, Gauteng, South Africa*

*2025 – Present*

- Collaborated with designers to replicate the Anixi Health mobile app functionality and interface on the web platform, ensuring consistency across platforms.
- Implemented responsive and accessible UI components using HTML, CSS, and ReactJS, enhancing user experience across various devices and browsers.
- Developed dynamic pages and reusable components using React, improving development efficiency and maintainability of the codebase.

- Participated in Agile sprint cycles, daily stand-ups, and code reviews, gaining hands-on experience with real-world software development workflows and version control using Git.
  - Conducted user testing and debugging sessions to identify and fix issues, leading to smoother performance and improved user interaction on the web app.
- 

## Education

### Meta Front-End Developer Professional Certificate

*Coursera (by Meta)*

*Dec 2022 – Sep 2023*

- Created responsive websites using HTML, CSS, and JavaScript.
- Utilized Bootstrap CSS Framework and worked with GitHub repositories and version control.
- Gained proficiency in React and JavaScript libraries and frameworks.

### Web Design for Everybody: Basics of Web Development & Coding

*University of Michigan*

*Dec 2022 – July 2023*

- Covered the basics of how web pages are created – from writing syntactically correct HTML, CSS, and JavaScript to creating interactive experiences.
  - Built websites that work seamlessly on mobile, tablet, and large-screen browsers.
-
